PRESS RELEASE

Jon Stevens and Daryl Braithwaite join forces for 'The Hits Tour'

They have crossed each other's paths a hundred times in their extensive touring careers, always with the same parting words "we should do a show together....." Well it's finally on its way. Jon Stevens and Daryl Braithwaite are set to take the stage together at Kedron-Wavell Services Club on Sunday 20th June singing all their hits along with a few classics.

As lead singer of the iconic 80's Aussie band Noiseworks, Jon has released many multi Platinum albums, the first of which went number 1 and remained in the charts for 63 weeks, and the Greatest Hits record which sold 1.2 million copies, proving that the ex New Zealander is one of the Australia's most popular front men and inspired performers.

Daryl Braithwaite has had fifteen singles in the Top Forty in a career spanning thirty years. He first burst on to the scene in the glam rock outfit Sherbet which quickly established him as one of the country's most successful pop singers.

Songs like "Howzat", "You're my World" and "Horses" have endured as classic Australian recordings and his distinctive voice has enthralled audiences everywhere.

Jon and Daryl will be taking the "The Hits Tour" across the country in June and will be doing no holds barred performances of Touch, Horses, Hot Chilli Woman, One Summer, Take Me Back and other great songs from their stellar careers.

They will be supported by newcomer Sydney-born and bred singer-songwriter Sally Singleton who will bring her special brand of pop to the tour.

Don't miss out on seeing this unique performance from two of Australia's most talented and respected performers in concert together. It's an afternoon of hits not to be missed.

Tickets are only \$40 each. To purchase tickets phone Kedron-Wavell Services Club on 07 3359 9122 now.
